Former Congressman Reveals...

The Secrets of the 'Uber-Class'

...Responsible For Growing And Protecting *The Greatest Fortunes The World Has Never Known...*

...And For Bolstering The Strength Of *The World's Most Powerful And Fiercely Private Families...*

These Secrets Have Remained Cloaked In Secrecy For Centuries...Until Now!

Dear Reader,

They cherish their anonymity, and don't flaunt their wealth...happily amassing enormous fortunes, great influence and power away from the spotlight.

Very little is known about one secretive group, that comprises just 1% of the population, controls over 1/3 of the world's wealth.

In real money terms, that's about \$22 trillion dollars ...which makes them \$7 trillion dollars wealthier than the entire U.S. economy!

And the further you go up the Uber-Class ladder, the more extreme and concentrated the wealth gets.

"The 25 (Uber-Class) families on our list are worth a combined \$418 billion. Given the stance of secrecy often adopted by (The Uber-Class), all of the net worth figures should be considered at least estimates."

Forbes December 2009

Just 25 families own about 2.5% of all the wealth in the United States.

This may not sound like much at first...but consider this...roughly, 100-1000 people conservatively control that \$410 billion!

It Makes You Wonder...

What Do They Know That You Don't...?

How are they able to own country estates and oceanfront homes around the world free and clear...while many Americans owe more than their homes are worth?

How do they insulate themselves from government regulations...while you and I live with Uncle Sam's threats of IRS reprisals, and Patriot Act snooping?

Because they have inherited more than wealth...they have inherited the secrets of the Uber Class...

The little known techniques, strategies and legal loopholes that make their wealth practically invisible, keep their rights and freedoms bulletproof and allow them to keep their most private details confidential.

For centuries, these secrets have protected the world's most powerful families, and have helped them accumulate incredible "under the radar" fortunes.

And now these same Uber-Class secrets can be yours...

- ✓ **Score a second passport from one of these two countries...without long waiting periods, any family connections or "green card" marriages.**

It's Your Turn To Grow Your Wealth, Lighten Your Tax Load, And Ensure Your Privacy Remains Secure...

My name is Erika Nolan and I'm the Executive Director of The Sovereign Society.

Twelve years ago, The Sovereign Society was formed to help people like you protect your rights and privacy, safeguard your assets, grow your wealth, and secure your retirement.

Compared to today, the world back then seemed like a vast ocean of opportunity...

Uncle Sam was distracted with Monica Lewinsky, cigars and black dresses...

Fast forward 12 years and we are now neck deep in a very real Orwellian nightmare of joblessness, declining housing values, ailing investments and an ever-growing government that oversteps its bounds at every turn.

Uncle Sam and big business have a death grip on our rights, freedoms, privacy and wealth...

We can't even move an inch anymore...without being taxed, scanned, poked, prodded or asked to remove our shoes.

Now, with the threat of more bailouts, and even more looming restrictions on your rights and freedoms by Uncle Sam...

I've asked former U.S. Representative Robert Bauman to use his considerable experience and his thick rolodex of contacts...

To provide you with the greatest wealth growing, asset fortifying and privacy protecting secrets the world has ever known.

And he has with his latest and perhaps most controversial book, ***FORBIDDEN KNOWLEDGE***.

Inside, Bob reveals the little-known, closely-guarded (yet 100% legal) secrets of the Uber-Class...including hundreds of the most powerful secrets, they've used for centuries to grow their wealth and power....

If you are at all concerned with the safety of your wealth, and privacy...and desire a life filled with freedoms, and free from government interference, then...

The Secrets Of The Uber-Class are Exactly what You Need To Protect Yourself...

Inside, you will discover investment, asset protection, and financial planning strategies you'd never find in any textbook or even the most prestigious Ivy League schools.

Strategies like...

Why Listen To Bob?

As a former U.S. Representative (R, MD), Bob Bauman has spent nearly 50 years moving in the highest circles of political and economic power.

From trade missions to China in the 1970s to European private banking summits today, Bob has fought to maintain the privacy and property rights of U.S. citizens. And along the way, he has learned the secrets of the Uber-Class.

He is a graduate of Georgetown Law School, where he earned his *juris doctor* degree, and after less than a decade practicing law, Bob served as a Member of the U.S. House of Representatives (1973-1981).

Since then, Bob has become a respected advocate for personal liberty and a best-selling author writing on the offshore world...

He has authored the highly-regarded books *The Passport Book*, *Where to Stash Your Cash Legally*, *Lawyer Proof Your Life*, and *Swiss Money Secrets*.

Bob's iconoclastic ideas and writings have also been featured in *The Wall Street Journal*, *The New York Times*, *National Review*, and many other notable publications.

For the last 12 years, Bob has been The Sovereign Society's legal counsel and contributing editor...keeping him on the cutting edge of financial privacy and asset protection strategies.

With the help of his vast network of contacts, Bob has filled **FORBIDDEN KNOWLEDGE** with secrets that can help you avoid nearly any hurdle Uncle Sam could possibly throw your way.

Secrets like...

- ✓ How a small \$300 investment could save you from bankruptcy...it is literally like outfitting your assets and wealth in a suit of armor! Page 319
