

Attention: Nagging Pain Sufferers

Discover How The World's Most Ancient Healers Have Been Soothing Muscles And Joints For Thousands Of Years...

In remote parts of India, ancient healers use this potent secret to eliminate pain and inflammation...

Dear James,

A pungent aroma hit my nostrils like a stampeding elephant as I stood sweating in the Mumbai heat. It wafted off a black pot filled with a bubbling poultice of bark and leaves, a few yards from where I stood.

After a little prodding, the man stirring it revealed he uses it to ease skin irritations and wounds. However, he said the plant is a well-known cure in India...

That only grows in the *Andhra Pradesh, Gujarat, Madhya Pradesh, Jharkhand* and *Chhattisgarh* regions.

Healers have used it for thousands of years. Treating crippling inflammation, nagging joint pain and muscle soreness.

It's why I'm writing you today...

I have harnessed its full potency for my patients. Now, I want to share it with you. So you have the chance to eliminate nagging pain and inflammation.

However, don't take my word for it. The science out of Asia backs up what I've found...

- In India, an 8-week, 30-person double blind study found **people who took this Plant had better knee function, less swelling, and more comfort.** They also could walk farther and had a healthier range of motion than before.ⁱ
- A double-blind study of 440 people received an Ayurvedic combination featuring this Indian plant. At the completion of the study in 2013, they found it significantly reduced knee pain, and improved knee function.ⁱⁱ
- A study of 56 people with osteoarthritis received it in a capsule, with half receiving an ointment on affected joints as well. After 2 months, both groups

improved had improved joint function...but doctors were most excited with the first group. ⁱⁱⁱ

This Indian plant really works. It has helped rid my patients **of pain and inflammation they never thought they'd live without.** And thanks to a recent discovery, we now know why...

Why This Potent Indian Pain Secret Can Soothe Your Inflammation Better Than Anything I've Ever Found...

Hello, my name is Dr Al Sears. I'm the founder of the Center for Health and Wellness in Royal Palm Beach, Florida.

Over my career, I've found dozens of cures, from a herbal cure that strengthens your vision to one that treats diabetes without any needles. Many related to relieving pain and inflammation.

But, Indian Frankincense (the Indian Plant) is one of the best I've found.

It's a long held secret in Asia. But almost completely unknown in North America.

Even those of us who do know, were not completely sure why it was so effective.

That changed in 2011. When German scientists found that it blocks Prostaglandin E2^{iv}.

Prostaglandin E2 plays a role in the process of inflammation. By attacking it, Indian Frankincense stops inflammation where it starts.

It's so effective; I've included it in my new pain and inflammation fighting formula called **Mobilify.**

This formula includes eight potent pain, and inflammation fighters. Chosen, because they are potent and work well together.

At the top of this list of ingredients, is a duo of pain fighters I found in the Amazon Rainforest I want to introduce you to...

Design Note: Should Align with section named above only

3 Other Treatment Uses For This Little Known, Potent Plant From India...

- 1.) Irritable Bowel Disorder - A study in the *International Journal of Colorectal Disease* examined its effect IBD. Using an experimental model with rats, it helped ease IBD. By reducing inflammation in the lower intestine...¹
- 2.) Inflamed gums - A double blind placebo controlled trial, 75 people with inflamed gums got either 100 mg of Indian Frankincense extract or 200 mg of powdered Indian Frankincense. After just a few days, everyone had significantly reduced inflammation.
- 3.) Cluster Headaches - A small 4-person study found that this Indian plant helps reduce the intensity and frequency of cluster headaches.¹ While exciting, these results are certainly too small to take as fact. But it does warrant further study with a much larger test group.

All-Natural Amazonian Enzymes Attack Your Pain...

Traditional herbalists in South America use pain-fighting herbs that have a secret weapon. Enzymes, that brings comfort to your tissues and joints in two steps.

- 1.) They promote a proper inflammatory response. Helping you maintain normal levels of inflammatory compounds in your body.
- 2.) They then help flush out problem-causing toxins.

This helps take care of everyday aches and pains. Including soreness, swelling and stiffness in your body.

Your body actually produces these enzymes when you're younger. But as you age, you produce less of them. It's why, as you age, your body can't recover as well.

These enzymes also help you relieve another scourge ***Toxic buildup in your body, especially in your muscles and joints.***

This "hidden" culprit behind all the soreness and discomfort never goes away. And the mainstream has no clue. They just don't see the connection.

You see, this buildup of toxic gunk cuts off blood supply to your muscles and joints by telling your body to over-produce something called ***fibrin***, which is what scar tissue is made from.

(Believe it or not, you can have a HUGE build up of scar tissue even if you've never had an injury.)

And all that new scar tissue creates a web around your joints that prevents red blood cells from delivering oxygen... ***and that constant lack of oxygen makes your muscles and joints cry out in pain.***

"...Mobilify ejecting those toxins and improving circulation in my legs..."

"I have always had warm feet, until last few years when I would have to wear socks to bed to stay warm. Then this week, I realized that I couldn't stand covers on my feet because they were hot. I think it must be a happy effect from Mobilify ejecting those toxins and causing much improved circulation in my legs. It does seem quick for such a marked difference but I haven't done anything differently!" - D.M. from Pennsylvania

This enzyme, which comes from the stem of the "Amazon pineapple" called *bromelain*, helps flush your body of all of these nasty toxins, and promote a normal inflammatory response.

Bromelain helps boost the activity of different kinds of immune cells.^v This is why, traditionally, they've used it in Brazil to support a healthy immune system.

I pair in bromelain with another enzyme that comes from the papaya called *papain*.

One German study tested bromelain and papain together. Testing how these two enzymes work at the cellular level.

It turns out they increased levels of an immune compound called IL-6. Your body needs this for tissue maintenance and other immune functions.^{vi}

They also help improve muscle function and recovery.

Researchers from the Exercise and Biochemical Nutrition Laboratory at Baylor University set up an interesting study to test this.

For 21 days, half of the group took an enzyme blend (which included bromelain and papain) and the other half took a placebo. Then they did a high-impact activity – running “downhill” on a treadmill for a grueling 45 minutes.

The group who received the enzymes had better muscle force and movement. Their immune biomarkers were also better. Suggesting they helped regulate immune response in the face of this physical stress.^{vii}

These enzymes are an integral part of **Mobilify**. I will share the five other ingredients with you in a moment.

First, I want to share someone’s experience with **Mobilify**. So, you get a peak at what a big difference Mobilify can make in your life after today.

“I No Longer Wake Up Every Morning Feeling Like I’ve Been Hit By A Bus, And Roll Out Of Bed Absolutely Pain-Free...”

My lead researcher KW has been working with me for 2 ½ years now. He is a valuable part of my team and increases the amount of research I can do by two to three-fold.

About two months ago now, KW began taking **Mobilify**.

He had nagging pain in his shoulders, wrists, knees and back from 22 years of being a Pro Golfer and a pickup basketball regular. He said the chronic pain he felt, made everything he did harder, and stopped him from doing things he really wanted to do.

Everything hurt, from getting out of bed, to bending over to tie his shoes. Not to mention everything he tried to ease his pain...offered only short-term relief.

Finally, this February KW started with a month’s supply of Mobilify.

Here is what he had to say about his experience with **Mobilify**, *“I noticed a difference pretty quickly. The nagging pain suddenly disappeared. Now, I no longer wake up feeling like I’ve been hit by a bus, and roll out of bed absolutely pain-free. I’m back to*

enjoying life again. It's made me a better coach for my daughter's softball team because I can do more, and a better golfer because I'm swinging so freely."

KW is still using **Mobilify**, and feels great. He has more mobility, a greater range of motion in his joints and of course less pain.

He told me, I could not pay him enough to stop taking it.

Now it's your turn to get the same pain-purging benefits of **Mobilify**. So you can clean out all the pain and inflammation from your body.

Just imagine if all of your nagging pain, soreness, and inflammation disappeared...

"...I have full movement of my knee and am even able to ride my bike again, pain free..."

"I have an old knee injury and used to take Devil's Claw every day to keep the pain away. It helped, but the slightest odd movement would send shooting pains up my leg. Those pains have disappeared since I started taking Mobilify. I have full movement of my knee and am even able to ride my bike again, pain free!"

C.A. from Boynton Beach, FL

Imagine being able to get out of bed, bend over, or hop out of your car with ease. Play with your grandchildren, golf or workout happily. Without any pain.

Wouldn't it be great to live your life pain-free?

Before you order today, let me share its five other potent ingredients...

It's The Best Way To Purge Nagging Pain And Inflammation Out Of Your Body...

Mobilify also includes...

Meadowsweet is one of my favorite herbs for calming discomfort. It contains salicylates, which was used an early pain reliever. It is very popular in Europe.

Arnica montana is another European herb with a long history of use on the surface of the skin. I understand that muscle-soothing gels and creams aren't always convenient. Its part of the reason I created **Mobilify**. *I wanted you to have more options.*

By keeping your body healthy from the inside...

You won't have to worry about reapplying strong-smelling creams or goopy gels to your problem areas every two hours.

With these enzymes and herbs in my **Mobilify** formula, you'll have what you need to...

"After just a week, I noticed a real difference. I'm walking much better and I just know that Mobilify is going to help me."

- D.M. from Pennsylvania

- **Fight pain** by helping to balance the inflammatory response
- **Clear out toxins** that can build up in your cartilage, muscles, and connective tissues
- **Help soothe muscle soreness** from sports and intense exercise
- **Support healthy tissue and cartilage** by helping your immune system do its job
- **Speed recovery** so you can get back to doing what you love

I've also included 100mg of magnesium. Your muscles can't do without it. Magnesium helps them stay relaxed and functioning.

When you don't have enough, you can feel tension, fatigue, and soreness. It's something simple that you could be missing.

It's a small component of *Mobilify*, but it's an important one.

Get *Mobilify* For Yourself Now, And Start Purging Chronic Pain From Your Body...

For a limited time only, you can take advantage of a special savings on *Mobilify*.

You'll receive a one-month supply of *Mobilify* for **only XXX** plus shipping and handling.

You'll receive a 3-month supply of *Mobilify* for **only XXX per bottle**, plus shipping and handling— a **savings of XX%**.

Or our very best deal, **Save XX%** and get **FREE Shipping Forever** when you join the **VIP 3-month Auto Ship Program** now. As a VIP, you'll get 3 bottles of *Mobilify* shipped right to your door every 3 months for **just \$XXX** per bottle. And shipping and handling is FREE for as long as you take Vitamin D3 Plus.

But that's not all ...

INSERT BONUSES

In addition, when you place your order for *Mobilify* (**whether its 3-month auto ship, or just one trial bottle**), you get my unconditional promise that no matter what, if you're not totally happy with the relief you get with *Mobilify*, I'll return every cent you paid.

So there's no risk to you!

Try It Risk-Free Today!

When your shipment of **Mobilify** arrives, open a bottle and take one caplet. Do that every single day.

I bet you'll notice some subtle – and maybe not so subtle – changes.

Most clearly, you should feel less pain, move better, and just have a sense of relief knowing that you are doing something that is going to keep you feeling young...

And help you enjoy living an active lifestyle (filled with dancing and your favorite activities) well into your 80s.

But whatever the results, you are the final judge...

If for any reason ... or for no reason at all ... you do not want to continue taking **Mobilify**, maybe you just don't have enough time or prefer taking your chances on your own...whatever.

Just return the unused portion – or even the empty bottles to me. As soon as I receive those bottles—even empty--I will give you a complete and prompt refund of every penny. That way, you risk nothing.

You have to admit that's a pretty good deal.

Some in my office think I'm a little crazy for offering it, and putting my trust in your honesty. But I think you're an honest person who is worth it.

Also I'm confident that **Mobilify** is going to work for you, because I know that it's a great natural supplement, filled with ingredients with a proven track record of promoting bone health.

So it's more important that you try them to me, than haggling over a few bottles of **Mobilify** at the end of the day. Makes sense right.

So why not get started right away?

Try **Mobilify** and have it delivered right to your door today. What do you have to lose? Besides years of nagging pain, inflammation and the frustration of living with pain day-to-day.

Get started now!

To Your Good Health,

Al Sears, MD

P.S. When you join the VIP 3-month Auto Ship Program you'll get 3 bottles of **Mobilify** shipped right to your door every 3 months for **just XXX** per bottle. And shipping and handling is FREE for as long as you take **Vitamin D3 Plus**.

PLUS you'll receive 2 of my FREE XXX (**\$xx value**). That's a total savings today of **\$xxx!**

P.P.S. I personally guarantee that you'll be satisfied with your results. If at any time you feel like **Mobilify** isn't for you, just let me know and I'll promptly return your money. I'll even cover your shipping and handling.

And even if you change your mind and get a refund, your copies of XXX (**\$xx value**) are YOURS to KEEP – *no strings attached*.
